

ARIZONA IN
GOOD SHAPE

Annual Report of Governor Kibbey Tells of Great Many Improvements

INCREASE IN THE POPULATION

Most Noticeable in Gila and Cochise Counties—Financial Condition of the Territory Is Now Better than Ever Before in Its History.

The annual report of Governor Kibbey of Arizona to the secretary of the interior was made public Monday in Washington. The report is embraced in thirty pages as Governor Kibbey explains, in accordance with general suggestions issued from the department relative to reports.

It is shown that satisfactory progress has been made in the irrigation works undertaken by the government and that there has been activity in mining development. There has been a considerable increase in population, principally in the counties of Cochise and Gila. The government estimates the present population of the territory at 180,000.

Concerning the sugar beet industry, the report says: "During the year the growing of sugar beets and the manufacturing of sugar therefrom have been undertaken. A large factory has been erected at Glendale, Maricopa county, at a cost of about \$300,000 and 200 or 400 acres of land were planted in sugar beets. Some unexpected and annoying obstacles have delayed the experiment, but enough has been done to warrant the confident prediction that the enterprise will be entirely successful. The land and the climate seem peculiarly adapted to the growth of the sugar beet, the yield being abundant and the proportion of saccharine matter developed in the beets being very large as compared with other localities."

It is found that the financial condition of the territory in this year better than ever before. The cash held by the territorial treasurer on June 30 amounted to \$279,197.60, the largest sum in the history of the territory, and larger by \$6,521.46 than at the corresponding date last year.

The receipts from all sources during the fiscal year amounted to \$800,644.83, and the disbursements were \$794,143.37. The extent of the incorporation business is shown in the fact that during the fiscal year 2,188 articles of incorporation were filed with the territorial auditor with an aggregate capital stock of \$2,966,767,900. The fees received by the territory from this source amounted to \$44,849.90.

During the year there were 427 original homestead entries of public lands, covering 6,865 acres, an increase of 135 entries for the year. There were seventy-nine final homestead entries covering 10,427 acres. There were thirty-six original desert entries and seven final desert entries. There were forty-three cash entries. The surveyor general of the territory had issued orders for 162 mineral surveys.

The report states that the Indians comprise fourteen per cent of the population of the territory and furnish but three per cent of the convicts in the territorial prison. The Indians are generally in a flourishing condition, though some of the White Mountain Apaches are in need of aid and the government is recommended to make an investigation of their needs.

The year has been one of unexampled prosperity for the mining industry of Arizona. The high price of copper has stimulated prospecting to an unusual degree and mining properties in all stages of development have found a ready sale. It is estimated that the production of copper for the year has been 300,000,000 pounds, having a value in New York of \$54,000,000. The production of gold is estimated at \$4,000,000 and that of silver at \$2,000,000. There is an active demand for miners and the relations between miners and employers have been amicable.

The agricultural and live stock interests have been fairly flourishing, though the former suffered somewhat from the destruction of the dam in the Salt River valley and the going out of a large storage dam in Apache county.

A considerable part of the report is devoted to the system of taxation, its deficiencies and the improvements which are being made in it.

YOUNG MAN IS
VICTIM OF LOCKJAW

Howard Hyman, aged 29, and employed here as a plasterer, died Sunday night of lockjaw, caused by a slight injury he received several weeks ago. This morning the remains will be shipped to his former home in Pennsylvania for burial.

PINE RETURNS HELP
DEMOCRATIC MAJORITIES

The returns from Pine precinct were received by mail yesterday and were the first returns received since last Thursday. The vote at Pine cut down Ryan's majority over Ernest Kellner to 27, and shows that the democratic candidate for supervisor still has a chance for election, although it is a long one. There are still five precincts

EAST GLOBE LOTS.

See the Tract while you can get your choice
Remember you buy direct from the owner

TAKE NOTICE: The company has hundreds of lots, so many that we can afford to survey each lot, put in water mains, grade streets and furnish abstracts free of cost, and then sell for half of what you would have to pay in buying from private parties

Don't be easy. Get your money's worth

Buy a choice lot so long as you can get it cheap. EAST GLOBE is plotted like a city. Alleys in every block; broad streets; lots 50x100 feet. AS LARGE AS TWO TOWN LOTS FOR THE SAME PRICE.

Loans for building purposes. Fire insurance written in the oldest company in the world, in the largest company in America. Fairest adjustments. Liberal rates. Be sure to get your money's worth. We show you how.

Globe Real Estate Office, Postoffice Building

which have not reported, Pleasant Valley, Continental, Christmas, Winkelman and Summit, and the official returns from these places may give Mr. Kellner sufficient votes to elect him. The following are the returns received from Pine:

Mark Smith 22; Cooper 5. John McCormick 22; Nevin 5. J. H. Thompson 25; Sparks 3. Stoneman 19; French 10. Brookner 20; Williamson 9. Stewart 21; Wild 2. Robertson 6; Anderson 22. Boardman 5; Kellner 18. Colcord 28; Ernest Kellner 22; Ryan 6. For statehood 4; Against statehood 19.

INDIAN WHO SHOT
GIRL BROUGHT TO GLOBE

From Saturday's Daily

The Apache Indian who several days ago shot and seriously wounded an Indian girl at Roosevelt while he was drunk, was brought here yesterday and locked up in the county jail to await trial. The Mexican who was alleged to have given liquor to the Indian and who is held indirectly responsible for the crime was also brought in, having been bound over to the grand jury.

Got a Hump On

Deputy Sheriff George Shanley reports having seen an exciting camel hunt over in Pinal county a few days ago. Several camels, according to Shanley, had been imported by a mining company to carry water for a mill, and one of them escaped. A cowpuncher was sent in pursuit of the animal, but could not approach nearer than a half mile. With real strategy of the plains, the cowpuncher, in order to mislead the camel, got a hump on himself, and the ship of the desert was fooled into believing that he was also a camel, which resulted in his easy capture—the camel's. Several people to whom the story has been told, almost believe it.

BISBEE NEGRO INVENTS
NEW RAILROAD BRAKE

Has it remained for a Bisbee negro to accomplish the invention of one of the greatest boons to railroaders and to railroad travelers? Is a question that is running through the minds of many Bisbee people today, says the Bisbee Review.

William Spikes, a colored barber, with tonsorial quarters on O. K. street, claims to have invented an automatic device by means of which trains are brought to a dead standstill whenever one of them comes within a given territory of danger. Spikes claims that he has been offered half a million dollars for his patent rights and in substantiation of his claim showed friends yesterday a letter from Epes Randolph naming today as the time for an appointment at which the preliminary details of the deal are to be gone over. Spikes left for Tucson last evening to confer with Mr. Randolph, head of the Southern Pacific interests in Arizona.

Spikes has made a model consisting of a miniature railway, and trains thereon, which works to perfection. He has already secured from Washington patents covering all the details of his invention and is confident that he has struck upon something that will make him a millionaire.

This is not the first attempt of Spikes in the invention of valuable appliances and he has already realized small sums by marketing other of his products, but it has remained for him to invent this latest device to eclipse all others.

Catering for his daily bread to the small colored population and to the poorer classes of Mexicans about O. K. street, Spikes has between times thought out this scheme by which he expects to amass great wealth. He is an exceptionally intelligent negro and his keen mind has more than once called forth favorable comment from his white acquaintances.

Should he successfully demonstrate the practicability of his model, there is not the slightest doubt that he can market it for a fabulous sum, but can as well secure stock in a corporation to manufacture and sell that will net him a comfortable income.

Indian Gave Liquor

From Saturday's Daily

An Indian known as T. G. 13 was in Judge Thomas' court yesterday, charged with violating the law by giving an Indian liquor. He was assessed a fine of \$10, which he paid. This is a very unique case, being only the second case in this city where an Indian has been arrested for giving liquor to another redskin.

OLD DOMINION
RAISES SCALEAlthough Details Are Uncompleted, Raise Takes Effect
November 7

From Wednesday's Daily

Editor of the SILVER BELT:

The Old Dominion Copper Mining & Smelting company will raise wages as has recently been done in certain other camps. The increase underground will be the same as at Bisbee. On the surface the scales are different in the two camps, and it will take some time to make the adjustment, but the full scale will be duly published when it is completed, and the raise in all cases will date back to the 7th inst.

This advance will apply as long as electrolytic copper is quoted at eighteen cents or above.

Yours very truly
(Signed) L. D. RICKETTS,
Superintendent.

The foregoing communication was received from Dr. Ricketts yesterday, and the full new scale will be published as soon as it has been completed. The raise of wages at the Old Dominion has been under consideration by the Old Dominion company for several weeks past, but owing to the fact that the attention of Dr. Ricketts has most of that time been directed to other channels, in connection with his many duties, announcements of raises in other large camps throughout the country have been made before that of Old Dominion.

There will be practically no difference between the new scale here and that of Butte and Bisbee, where announcements have already been posted, but the fact that conditions in some respects differ, in the smelter and elsewhere on the surface, the scale has not as yet been arranged.

Dr. Ricketts who was absent for several days last week will leave the city again this morning, to be absent until about Friday.

BUSY DAY IN
THE POLICE COURT

From Saturday's Daily

After several days' absence from the city, attending the fair at Phoenix Judge Thomas was back at his office yesterday and almost until evening, his time was occupied dishing out justice to offenders who had gathered in during his absence. Among the misdemeanor cases, J. A. Coleman for disturbing the peace and Guy M. Smith for fighting were continued; Ed Wolberg and L. Arando paid \$10 and \$8 respectively for scrapping; Francisco Laguna, drew 20 days and Deveto Ramirez fifteen days for fighting and disturbing the peace; W. S. Perry got 15 days for the latter offense; Ramon Sepeda seven days and Hipolito Alvarez paid a fine of \$7.

Raked Into Can of Caps

A. A. McKinzie had an experience last Friday which he will not soon forget. He was cleaning up in the vicinity of his tent at Live Oaks with a rake, when that implement struck a can containing 150 giant caps, which had been hidden by Mrs. Emmett Gainer several months ago to prevent the children from playing with them, and had subsequently been forgotten. The force of the explosion drove parts of the caps into Mr. McKinzie's body, and Dr. Wightman removed a small glassful of them from various parts of his anatomy. He located others with the X-ray. Mr. McKinzie was in Globe yesterday, and it is said that several old time prospectors tried to post location notices on him, mistaking him for a promising copper claim.

ARTICLES OF INCORPORATION

—OF—

Whalley Lumber Company

Know All Men By These Presents:

That we, William Whalley, Anna Whalley and William E. Whalley, for the purpose of incorporating ourselves under the laws of the Territory of Arizona, do hereby adopt the following Articles of Incorporation and declare:

FIRST—The names of the incorporators are William Whalley, Anna Whalley and William E. Whalley, the name of said corporation shall be Whalley Lumber Company, and its principal place of transacting business shall be at Globe, Gila county, Arizona Territory.

SECOND—The general nature of the business proposed to be transacted shall be the manufacturing, handling, buying, selling and dealing in all kinds of lumber, hardware, lime, brick, cement, roofing, paints, oils and any and all other kinds of building material whatsoever, and to maintain yards, warehouses, stores and establishments and equipment therefor.

THIRD—The amount of capital stock of said company shall be fifty thousand dollars, to be divided into five hundred shares of one hundred dollars par value each, which stock shall be issued from time to time by the Board of Directors for money, goods, property or services, upon such terms as said board shall direct, and when so issued to be fully paid and non-assessable.

FOURTH—The corporation shall commence business immediately upon the filing of a certified copy of its Articles of Incorporation with the territorial auditor, and it shall terminate twenty-five years thereafter.

FIFTH—The affairs of this corporation shall be conducted by a Board of Directors consisting of three stockholders, who shall be elected annually on the first Monday of April of each year, and until their successors are elected and qualified the following named stockholders shall constitute said Board of Directors, to-wit: William Whalley, Anna Whalley and William E. Whalley. Such board shall adopt by-laws, appoint officers and agents and have sole and complete charge of the entire business affairs of this corporation and control over employees thereof.

SIXTH—The highest amount of indebtedness to which this corporation shall at any time subject itself shall be \$25,000.

SEVENTH—The private property of the stockholders shall be forever exempt from corporation debts.

In witness whereof the said parties have hereunto set their hands this 9th day of November, A. D. 1906.

WILLIAM WHALLEY.
ANNA WHALLEY.
WILLIAM E. WHALLEY.

TERRITORY OF ARIZONA, ss.
County of Gila.
Before me, George R. Hill, a notary public in and for the said County of Gila, Territory of Arizona, on this day personally appeared William Whalley, Anna Whalley and William E. Whalley, known to me to be the persons whose names are subscribed to the foregoing instrument, and acknowledged to me that they executed the same for the purposes and consideration therein expressed.

Given under my hand and seal of office this 9th day of November, A. D. 1906.
GEORGE R. HILL,
Notary Public.
My commission expires Jan. 21, 1910.
First publication Nov. 11, 1906.

Notice to Creditors

Estate of E. P. Shanley, deceased.
Notice is hereby given by the undersigned administrator of the estate of E. P. Shanley, deceased, to the creditors of and all persons having claims against the said deceased, to exhibit them, with the necessary vouchers, within ten months after the first publication of this notice to the said Patrick Rose, administrator, at his residence at Globe, Arizona, the same being the place for the transaction of the business of said estate, in said County of Gila.
PATRICK ROSE,
Administrator of the estate of E. P. Shanley, deceased.
Dated at Globe this 30th day of October, 1906. 27-5t

OFFICE OF BOARD OF SUPERVISORS.

Globe, Arizona, Nov. 2, 1906.

The returns for local option, of election held October 27, A. D. 1906, for a sub-division of Christmas precinct, having been received, the board proceeded to count the votes cast at such election, with the result of 43 for prohibition and 12 against prohibition.

Upon motion, duly carried, it was ordered that the vote for prohibition be sustained and that the sale of intoxicating liquors within the following limits of said Christmas precinct be absolutely prohibited, except for the purposes and under the regulations prescribed by law, until such time as the qualified voters therein may, at a legal election held for that purpose by a majority vote, decide otherwise.

Said boundaries to be as follows: Beginning at a point on the Gila river where the Dripping Springs wash enters the same; thence in a northwesterly direction to the point where the trail from Christmas to Dripping Springs wash crosses the divide, about one mile north of Christmas; thence in a westerly direction to Dan O'Carroll's; thence in a southeasterly direction to the point on the Gila river opposite the mouth of Ash creek; thence along the Gila river to the point of beginning.
D. DEVORE,
Chairman,
W. D. FISK,
Clerk.
